Time
10am - 2pm

Studio
Hornsby (Hunter St)

Watercolours let you achieve effects ranging from powerful and dynamic to soft and subtle.

For new artists, watercolours help you to achieve a "painterly" quality to your art.

For experienced artists, watercolours can expand the options available to you to achieve the effects you want.

Selected Works 27 the Tutor

The aim of this workshop is to give you a hands-on experience of painting with watercolour and get a glimpse of the possibilities that this medium can offer.

During this art workshop you will learn

- The basic skills and techniques used in watercolours
- How to achieve results that are difficult with oils or acrylics
- How to choose the right materials to save time and money
- Ideas on how to combine acrylics with other media
- and lots more ...

Materials will be available in this workshop.

You are welcome to bring your own materials or you can take advantage of the materials package.

Also bring water container (ice cream container), fine mist sprayer, tissues, small drawing book/notebook, pen and pencils.
