About ArtClay Silver™		

Art Clay Silver is the worldwide market leader in precious metal silver clay - a non-toxic mouldable material that when fired becomes 99.9% pure silver.

What is a Precious Metal Clay Polymer

_____combines pure silver powder with non-toxic binders and water. It can be molded like clay and when kiln, torch or stove top fired, the binders burn away and the metal sinters - the clay is transformed into a solid piece of hand crafted silver jewellery.

What you will need

Precious Metal Clay

For workshops: 10g of Art Clay silver is included in most workshops.

For weekly courses: Students purchase materials as required. Art Clay Silver is available at a the studio.

Tools

Use of studio tools is included in workshops and courses.

Lunch

You can bring your own lunch or purchase lunch from nearby shops. Hornsby Westfield is a 3 minute walk.
