

STUDENT HANDBOOK 2023

Message from the Director - Sydney Art School

Congratulations on your decision to study with the Sydney Art School.

Sydney Art School is known for training students to the highest standards in the traditional skills of drawing, painting and silversmithing. We firmly believe that these skills provide the essential foundation that enable artists to develop their own signature style and then explore ways to communicate their messages with their audience.

The School is committed to providing high quality vocational education and training programs. This gives students the opportunity to learn new skills, upgrade existing skills and obtain Nationally Recognised Qualifications. The School offers a range of professional development courses and registered training in Visual Arts at Certificate and Diploma levels.

Courses are delivered in face-to-face Studio Sessions with take-home workbooks, and dedicated tutor support. Studio sessions are limited to group sizes of 8 to 12 students per tutor. This enables one on one interaction with your tutor as well as a fostering a small group environment where students can interact and share ideas, perspectives and learning experiences.

Our family of tutors bring together some of Australia's award-winning artists with professional art practitioners and educators. Your tutor's role is to give you "in studio" instruction on technique combined with personal feedback to help develop your technical and professional skills as an artist.

Certificate and Diploma level students will also receive guidance on how to complete the workbooks and portfolios of evidence required to be assessed as competent in each unit of study.

I wish you every success as you embark on your creative journey.

Assessment

Assessment Process

Assessment is competency based and is designed to determine whether the candidate can demonstrate the target competencies.

Students who are unable to demonstrate competency at a given time or who successfully appeal assessment results may be reassessed at an appropriate later date.

Assessment is in accordance with the Standards for Registered Training Organisations 2015.

Assessment may be undertaken by any of the following;

Unit Workbook

Assessment for each unit will be performed by review of a completed Unit Workbook. The format of the Unit Workbook provides 100% traceability between competency requirements and the evidence collected and provided.

Each Unit Workbook comprises tasks that are mapped to each performance element in a Unit.

The student is responsible for compiling and completing each Unit Workbook via their Student Portal.

The Principal and all staff are required to ensure operational compliance with AQTF standards, and to review, evaluate and adjust as necessary assessment systems and procedures for validity, reliability, flexibility and fairness of assessment.

Assessment records are kept and aggregated to monitor assessment reliability.

Assessors

Assessors are required:

- to be fair and reasonable during assessment
- to be familiar with the field, with relevant industry standards and WHS requirements and to be up to date with assessment methods and procedures appropriate for the clients and learning environment
- to negotiate flexibly with clients regarding the type of assessment, taking into account Flexible Delivery, EEO and anti-discrimination principles, and the particular needs and circumstances of clients
- to advise clients regarding RPL processes
- to make proper assessment decisions based on explicit evidence of competency

- to expedite assessment and to avoid unnecessary delay
- to use cost and time effective methods and materials appropriate to the task
- to gather assessment evidence that is authentic, valid, reliable, relevant to learning outcomes, current and varied
- to systematically review the assessment evidence obtained through means such as interview, workplace assessment, and/or performance test

Assessment Handling Process

All assignments are to be submitted electronically via the Student Administration Portal at <http://sydneyartschool.com.au>.

Students unable to submit their assignments a planned target date should discuss their progress with their tutor and review and/or revise their planned rate of completing Units.

Students who are unable to submit their assignments electronically may request to submit their assignments in hard-copy. This will incur an additional administration fee “per assignment”. This fee will be advised on request and will reflect the additional administrative costs involved in processing, handling and storing hard copy evidence. Students who intend to submit assignments via hard copy should request advice of this fee before commencing work on that Unit.

It is the School’s objective for all assignments to be assessed and the results discussed with the student within 21 working days of the receipt of the assignment by the School. the following process applies:

If a student is required to re-submit an assignment for re-assessment, a Re-Assessment Fee may be charged, details of which can be found on the Schools web site under Registered Training Fees.

Assessment Dispute Procedure

If you feel that your assessment has not been fair or you wish to dispute any area of your assessment, you are to follow the School’s Complaints and Appeals Procedure. See <https://sydneyartschool.edu.au/art-student-information/complaints-and-appeals-procedure>

Credit for Prior Studies

Sydney Art School accepts and provides credit to learners for units of competency and/or modules (unless licensing or regulatory requirements prevent this) where these are evidenced by:

- AQF certification documentation issued by any other RTO or AQF authorised issuing organisation, or
- authenticated VET transcripts issued by the Registrar.

You may request credit for prior studies by submitting a verified copy of the documents listed above.

Recognition of Prior Learning (RPL)

If you look through the course materials and decide that you have already achieved the learning outcomes specified, it is possible to apply for RPL.

If you apply for RPL for any part of the course you will need to submit documentary evidence that you have achieved the outcomes and have the knowledge and/or skills specified.

The purpose of RPL is to give students the chance to have their knowledge and skills assessed regardless of where or when the learning took place.

This means that learning could have been achieved through work experience, through non-credentialed courses, through life experiences or through volunteering.

It is important to understand that it is the learning you have achieved and not the experiences you have had which will be assessed through the RPL process.

If you apply for RPL for any part of the course, the School needs to be able to assess three criteria in your application. These are:

- the level of learning
- the quality of the learning
- the currency of the learning.

The materials clearly specify the learning outcomes. You need to base your judgment about applying for RPL on these learning outcomes.

You need to be clear that you will need to support any application for RPL with appropriate evidence.

If there is sufficient evidence in the application and supporting documentation, no further assessment may be necessary. If further assessment is required, it may take any practical form consistent with the assessment criteria for the claimed competencies and the principles of validity, reliability, fairness and flexibility. The form of assessment may be negotiated with the student and may consist of interview, written assignment,

workplace assessment, exam, or other method. A qualified assessor or assessment panel, under the supervision of the director and trainer, must conduct assessment.

Fees will be charged for the RPL service, and the fees charged will depend on the time required to complete the assessment and associated administration. The fee charged will not exceed the course enrolment fee. Details of these fees are available on the School's website under Registered Training Fees.

Evidence considered for assessment is a letter of request plus a wide range of supporting evidence. If further evidence is required then this is negotiated with the candidate. The process may include a further interview, written assignment, workplace assessment, and collection of other material.

Successful candidates are notified promptly of the RPL outcome. The Registrar advises unsuccessful candidates of reasons for non-recognition and steps they can take, including remedial training and appeal mechanisms.

Attachment 3 provides further information about the process of preparing a portfolio to support a claim for RPL.

Course Enrolment Withdrawal

Students enrolled in a Unit or Course leading to the award under the Australian Qualifications Framework may request deferral or withdrawal from the Unit or Course.

The process to request a withdrawal is published on the School website at [xxx](#)

Course Enrolment Cancellation

- absence from a course
- unsatisfactory course progress
- non-payment of fees
- as an outcome of Disciplinary processes

If action is initiated by the School the student will be notified in writing of the reasons, and the subsequent process and/or rectification actions.

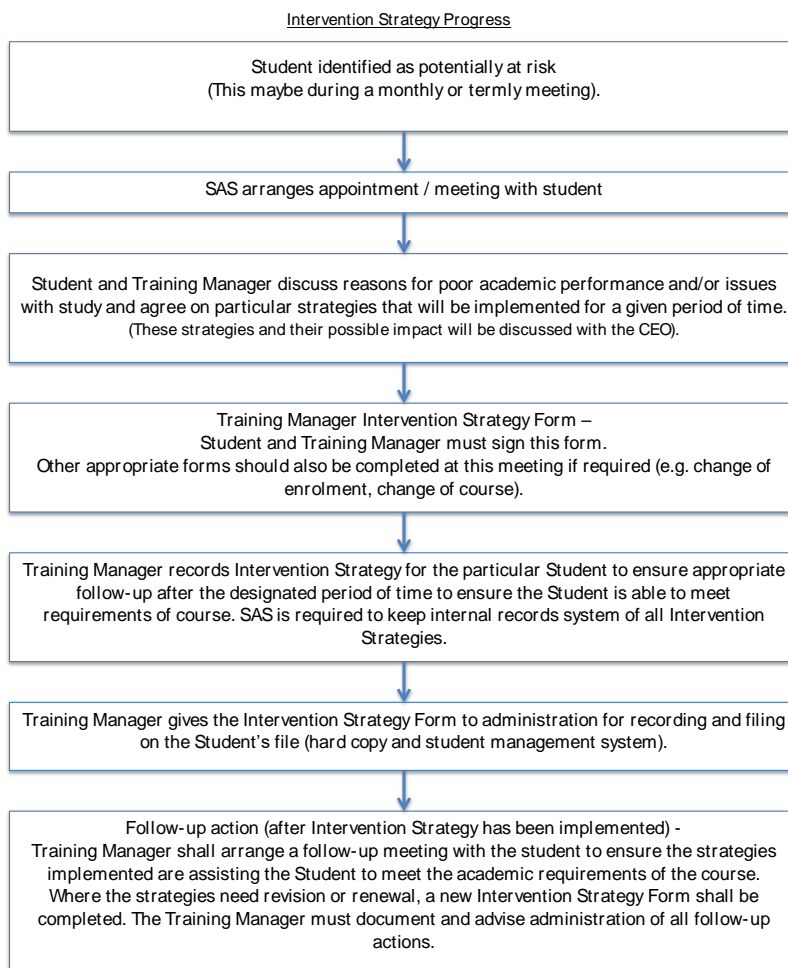

Student Course Progress

Student advancement through each unit of a course is monitored by the Principal supported by the Studio Manager.

At the end of each semester the studio manager reviews the course progress and attendance of each student using the reporting tools in the School's Student Management System (aXcelerate).

A student will be offered assistance through the **Course Progress and Intervention Procedure** if the student

- fails to complete successfully 25% of the units that they are enrolled in OR

A student may also request to defer enrolment to a later term. Approval will be at the discretion of the Principal.

A request to defer enrolment later than 1 week before the start of the first studio session is unlikely to be granted.

Studio Session class sizes are small so [ate withdrawals from an enrolled class may leave a vacant place that would otherwise have been filled by another student, or may not leave enough time to reschedule tutors and students where the sessions falls below minimum student enrolments thresholds.

An administration fee will be applied to refunds and deferrals. This fee is \$50 unless otherwise indicated.

Make Up or Catch Up Classes

There are no refunds if you miss a Studio Session. Students who miss a Studio Session are not "entitled" to a catch up.

However, if space is available in a suitable class then the School may offer students another class to attend that same week.

Students requesting a catch up should email service@sydneyartschool.com.au stating; the normal studio session missed nominating date, time, studio location & tutor.

The School will advise if an alternate appropriate studio session with space is available. This may not always be possible but we do try as a good will gesture.

RPL – Portfolio Requirements

Students may wish to claim RPL for any module or unit of accredited courses conducted by the School.

As part of their application students will need to submit a portfolio establishing that they have already achieved the learning outcomes for the module they wish to claim. If their application is approved they will be credited with the relevant outcomes incorporating part, or all, of the module.

The following steps outline the procedure for compiling a portfolio:

Step 1: Carefully examine the performance and assessment criteria for the module

These criteria are detailed in the Unit Workbook for each unit.

Step 2: Gather relevant documents

Gather relevant documents to help you to complete the Unit workbook. Documents must demonstrate a link to the learning outcomes.

The following documents may be useful to support a student's claim;

- Student's resume
- Transcripts or other result records from relevant qualifications
- Certificates of participation in relevant workshops and training sessions
- Reports and other major documents prepared in the course of the applicants work (paid or voluntary)
- Other documents thought to be relevant which may include reports and samples prepared in cooperation with co-workers. For these, the applicant should clearly identify their own role in the preparation.

Step 3: Identify potential referees

Identify people who could verify aspects of the application for RPL, particularly in areas where sufficient documentary evidence may not be available. Contact information for these people will need to be provided.

Step 4: Complete and Submit the Unit Workbook

Complete the Unit Workbook to the fullest extent possible. You will be given a login to the Sydney Art School student management system to enable you to submit your workbook.
